

(English translation, the original version is in French)

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product:

SPIT MAXIMA Galvanisée

Bonded anchor made of galvanised steel for use in non cracked concrete: sizes M8, M10, M12, M16, M20, M24 and M30

Use category:

ETAG 001-5

Particular conditions applicable to the use of the product:

This anchor may only be used in concrete subject to dry internal conditions

placed on the European economic area market by:

Société SPIT

Route de Lyon
26501 BOURG LES VALENCE CEDEX
FRANCE

and produced in the factory:

Société SPIT - Route de Lyon - 26501 BOURG LES VALENCE CEDEX - FRANCE

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the approved body - CSTB - has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control (system 1).

This certificate attests that all provisions concerning the attestation of conformity and the product characteristics described in the technical specification in reference:

"European Technical Approval ETA-03/0008 valid from 17 March 2008 to 17 March 2013"

are applied and that the product fulfils all the prescribed requirements.

This certificate can only be used in conjunction with the declaration of conformity of the product written by the manufacturer or his authorised representative established in the European economic area and with the technical specification in reference.

This certificate was first issued on 02 March 2004. It was modified on 28 March 2008 and, except for withdrawal or suspension, remains valid as long as the conditions laid down in the corresponding technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly and latest on 17 March 2013.

The list of the conformity certificates issued by CSTB is kept up-to-date by the CSTB
