

(English translation, the original version is in French)

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Members States relating to the construction products (Construction Products Directive – CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product:

Systeme d'injection SPIT EPCON C8 pour beton fissuré

Bonded injection type anchor for use in cracked and non cracked concrete : threaded rods M8 to M30 and rebars sizes 8 to 32

Use category:

ETAG 001 - partie 1 et 5

Particular conditions applicable to the use of the product:

See the detail of the conditions in the chapter 1.2 of ETA

placed on the European economic area market by:

Société SPIT

Route de Lyon
26501 BOURG-LES-VALENCE CEDEX
FRANCE

and produced in the factory:

Société SPIT - Route de Lyon - 26501 BOURG-LES-VALENCE CEDEX - FRANCE

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the approved body – CSTB – has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control (system 1).

This certificate attests that all provisions concerning the attestation of conformity and the product characteristics described in the technical specification in reference:

"European Technical Approval ETA-10/0309 valid from 11 October 2010 to 11 October 2015"

are applied and that the product fulfils all the prescribed requirements.

This certificate can only be used in conjunction with the declaration of conformity of the product written by the manufacturer or his authorised representative established in the European economic area and with the technical specification in reference.

This certificate is first issued on 13 October 2010 and, except for withdrawal or suspension, remains valid as long as the conditions laid down in the corresponding technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly and latest on 11 October 2015.

The list of the conformity certificates issued by CSTB is kept up-to-date by the CSTB.

Issued in Champs sur Marne, on 13 October 2010
